**PRESS RELEASE**

**OFFICIAL LISTING OF DBD ENGINEERING PLC.  
ON CAMBODIA SECURITIES EXCHANGE**

On Monday 06 September 2021, DBD Engineering Plc. and Cambodia Securities Exchange (CSX) hosted DBD's Official Listing Ceremony presided over by **H.E. Dr. Hean Sahib**, Secretary of State, Ministry of Economy and Finance of Cambodia and the Chairman of CSX. DBD Engineering is the 1<sup>st</sup> company to be listed on the growth board of CSX with the symbol code **DBDE**. The total number of listed shares is 6,461,538 with the IPO price of KHR 2,380 per share which makes the total market capitalization of KHR 44 billion (approx. USD 11 million).

During the event, **H.E. Dr. Hean Sahib** mentioned that, today marked another milestone of the CSX in supporting and promoting the SMEs by paving the way for the companies to a never ending source of low-costs funds and align with national economic restoration plan from the damage caused by Covid-19 pandemic for 2021-2023 of the government. The purpose of the plan is to accelerate the economic growth to reach its potential sustainably and inclusion through promoting the competition and encourage the economic diversification especially on the strong-foundation industry with huge export capability and strongly connect with the local and international supply chain. His Excellency also expected that, the successful entrance of DBD to the growth board along with the unwavering support from the investors by the oversubscription of the intended issuances can become a role model to encourage other SMEs to consider taking this opportunity to diversify their source of fund through the stock exchange to expand their business operation both locally and internationally.

**H. E. Sou Socheat**, Government Delegate in charge as Director General of the Securities and Exchange Regulator of Cambodia also expressed that the event today showed about another development of the CSX by having the first company to list on growth board. This listing will show the public and other countries that Cambodian market is going forward and also reflected

the serious intention of the company and public investors as well as the growing trust for the market which allow it to be the way for diversification of fund for the companies and also create the opportunity for the investors.

Furthermore, **Mr. Neang Vithy**, Managing Director of DBD Engineering addressed that the issuance and listing on the growth board has not only allowed DBD to raise fund to support the business operation and answer to the customer's trust but also answered to the demand arisen from the growing construction industry that play a vital role in Cambodian economy. Moreover, this issuance also cemented the qualification of DBD as the financially stable, transparent compliance company.
